

# HALF MARATHON RUN PLAN

This 17-week plan includes 3 days of training per week. You got it!

**Interval sets:** Number of times you repeat the activity.

**Easy effort:** Comfortable pace, you could chat. **Moderate effort:** You are working hard, it's difficult to chat.

**Hard effort:** Not 100% effort; but push yourself. You may need a break to slow down.

**Distance days:** Day 3 is an easy effort day. The goal is to complete the distance without time pressure.
